**Object:** *quotation for stable isotope analysis (SIA)*

Following your request, we report a quotation for stable isotope analysis on 100 samples associated to the research project "Dynamics of population abundance and diet peculiarities of white great herons and grey herons at Lithuanian fishponds 2019-2020".

$\delta^{13}\text{C}$ and $\delta^{15}\text{N}$ analysis on 100 samples	€ 300
$\delta^{34}\text{S}$ analysis on 100 samples	€ 800

**Total cost is € 1.100,00 VAT excluded**

The invoice will be issued simultaneously with the delivery of the analytical results.

Acceptance of quotation is expected.

Sincerely,

Palermo, 13/01/2020

*Prof. Salvatrice Vizzini*

Acceptance of quotation
