

"Se l'immigrato non parla, allora bisogna ascoltare il suo silenzio, bisogna intrufolarsi nella sua pausa, nella sua esitazione, bisogna vedere come in un momento di muta introspezione i ricordi gli passino davanti agli occhi e si materializzino densi, palpabili nell'aria. Bisogna vedere come il suo corpo e i suoi tratti cambino colore, come quel silenzio avvolga e contamini l'aria e chi ascolta. A quel punto non sarà necessario chiedere: che c'è? cosa stai pensando? Perché la risposta è lì, nell'aria, altrimenti lo sentirai rispondere, scuotendo la testa, niente. Quel niente racchiude tutto. A quel niente bisogna avvicinarsi, bisogna toccarlo con la cura di chi maneggia delicati cristalli. Ciascuno esprime, a modo suo, quel niente."
