Levels: A1/A2: Basic user - B1/B2: Independent user - C1/C2 Proficient user
[Common European Framework of Reference for Languages](#)

Communication skills Excellent communication and relational skills acquired during the academic and professional experience.
 These skills allow me to establish positive relationships with colleagues and assisted people, to collaborate synergistically in team, to propose ideas and to activate working groups.

Good ability to use communication tools.

Good listening and observing skills and excellent ability to understand verbal and nonverbal communication aspects.
 These skills have been acquired during the academic and professional activity.

Organisational / managerial skills High organizational skills acquired during high school experience, where I often was a class representative.
 I was also, during my Master's Degree experience, the first elected student to represent the Medical School and Surgery Council.
 Playing this role, I had to promote and organize conferences and seminars about academic and scientific sphere.

Job-related skills Assistance and care of hospitalized patients at the Cardiology department and at UTIC.
